

Applicant: Keith Wiedow et al.  
Application No.: 10/723,282  
Response to Office action dated Apr. 22, 2005  
Response dated Jul. 21, 2005

### Remarks

Claims 1–10 remain pending in the application. In the Office action dated Oct. 29, 2004, claims 1–2, and 5–8 were rejected as anticipated by *Gresham*. Claims 9–10 were rejected as obvious in view of *Gresham*. Claims 3–4 were rejected as obvious over *Gresham* in view of *Yoshitani*.

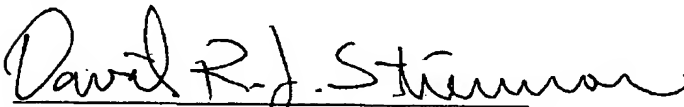

Claims 1 and 3–8 have been amended without changing the scope of the claims to make more clear that structural elements, not method steps, are claimed.

In view of the amendments, the arguments in the response filed Jan. 28, 2005, which are incorporated herein, now can be applied to show the art of record does not show applicant's claimed invention when all limitations present (and now more clearly set forth) in the claims are given consideration as structure.

Applicant believes that no new matter has been added by this amendment.

Applicant submits that the claims, as amended, are in condition for allowance. Favorable action thereon is respectfully solicited.

Respectfully submitted,
